- Equality Act 2010: Advice for Schools (DfE)

- Supporting Pupils at School with Medical Conditions (2014) (DfE)

We wish to comply with the Special Educational Needs and Disability Code of Practice: 0 to 25 Years, the Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities and with sections 29, 34, 35, 66, 67, 68, 69 and 100 of the Children and Families Act 2014.

We have a duty to provide appropriate SEN provision for children and young people in order to meet their needs. It is also our duty to 'make reasonable adjustments for disabled children and young people, to support medical conditions and to inform parents and young people if SEN provision is made for them.' We must ensure that under no circumstance will we directly or indirectly discriminate against, harass or victimise disabled children or young people.

We believe it is our responsibility to publish all details of the SEN provision that we have available in the Information Report and to work with the local authority in compiling and reviewing the Local Offer.

We believe that... 'Children have special educational needs if they have a learning difficulty, which calls for special educational provision to be made for them.'

Children have a learning difficulty if they:

- a) have a significantly greater difficulty in learning than the majority of children of the same age: or
- b) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local education authority
- c) are under compulsory school age and fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them

Special educational provision is 'additional to, or otherwise different from, the educational provision made generally for children of their age in schools maintained by the local authority, other than special schools, in the area.' (Education Act 1996)

When organising additional support it is very important that we provide children with special educational needs and disabilities (SEND) a broad and balanced curriculum with regular access to all subjects and areas of learning. We believe that children with SEND should not be routinely segregated from their class teachers and peers but included as much as possible within their class.

We believe we provide high quality teaching that is differentiated and personalised and that meets the needs of children and young people. We have high ambitions, set challenging targets, and track the progress of all pupils.

We will ensure that teachers and teaching assistants are prepared for dealing with the challenges and complex difficulties posed by children with SEND by providing structured training on a variety of SEND & SEMH issues. We believe teachers are responsible for children's learning and that teaching assistants will be used effectively to provide the necessary support for children with SEND within the classroom.

We are aware that depending upon their age and understanding we must discuss with pupils with SEND any decision that might affect them.

It is our intent to provide every child with the best education possible. Our objective in setting out the school's SEND policy is to make everyone aware that we want all pupils to benefit as fully as possible from the education provided within the school.

We cater for pupils who experience difficulties in: -

- communication and interaction
- cognition and learning
- social, emotional and mental health difficulties
- sensory and/or physical needs

The school has full provision for pupils who are disabled as outlined in our SEN Information Report and Medical Conditions Policy.

We strongly endorse both the Equality Act 2010 and the School Admissions Code of Practice by ensuring that all applications to this school from parents of children who have SEND will be considered and treated fairly and in line with current guidance.

We have a duty to safeguard children, young people (including those most vulnerable) and families from violent extremism. We are aware that there are extremist groups within our country who wish to radicalise vulnerable children, including those with SEN and to involve them in terrorism or in activity in support of terrorism. Periodic risk assessments are undertaken to assess the risk of pupils being drawn into terrorism. School personnel must be aware of the increased risk of online radicalisation, and alert to changes in pupil's behaviour. Any concerns will be reported to the Designated Safeguarding Lead/member of SLT.

We are aware that under the 'Counter-Terrorism and Security Act 2015' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the Prevent duty and we believe it is essential that school personnel are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

We provide a safe environment where we promote pupils' welfare. Within this environment we work hard to build pupils' resilience to radicalisation and extremism by promoting fundamental British values and for everyone to understand the risks associated with terrorism. We want pupils to develop their knowledge and skills in order to challenge extremist views.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. We believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

The School Council will be involved in:

- determining this policy with the Governing Body;
- discussing improvements to this policy during the school year;
- organising surveys to gauge the thoughts of all pupils;

Graduated approach

We feel it is vital that pupils with special educational needs are identified at an early stage. Every teacher in this school is responsible for identifying pupils with special educational needs.

We will inform parents at the earliest opportunity of the school's concerns and to work in partnership with them to establish the support the child needs.

We will adopt a graduated approach coordinated by the SENCO and using the following four stages of action: **Assess, Plan, Do and Review.**

Parents will be kept well informed of and involved in all four stages.

Assess

- Working with the SENCO and the child's parents an analysis of the child's needs will be undertaken by the teacher when trying to identify what SEN support is required.
- Support is put into place and is reviewed regularly to ensure that the support is matched to need.
- More specialist assessment will take place if there is no improvement in the child's progress.
- This will be organised by the SENCO with the agreement of the parents.

Plan

- When it has been decided to provide SEN support all parties will decide:
 - the expected outcomes
 - what interventions and support that is required
 - the expected impact on progress, development or behaviour

➤ on a review date

- Plans will take into account the views of the child.
- Parents will reinforce the provision by contributing to progress at home.

Do

- The SENCO and the teacher oversee the implementation of the interventions as part of the agreed SEN support.
- The teacher supported by the SENCO assesses the child's response to the action taken.
- The SENCO offers continuous advice on the effective implementation of support.

Review

- The effectiveness of the support and its impact on the child's progress is discussed at the review meeting which is attended by the SENCO, the teacher and the child's parents
- The views of the child are also taken into consideration at this meeting.
- In light of the child's progress and development, changes to the outcomes and support will be agreed by all concerned.
- A cycle of review meetings will continue with all parties attending in order to identify the best way of securing good progress.
- All parties will agree to any specialist involvement if a child continues to make less than expected progress.
- An Education, Health and Care assessment may be requested if a child continues not to make the expected progress despite the amount of support and intervention that has been given.
- If a child has an Education, Health Care Plan the LA must undertake a review annually.
- Detailed records will be maintained by the SENCO which will be available to the child's parents.

Medical Conditions

We have a duty under the Children and Families Act 2014 to support pupils with medical conditions. We are aware that individual education healthcare plans (EHC) will state the type and level of support required to meet their medical needs.

Record Keeping

Accurate and up to date records will be kept that provide:

- evidence tracking data of pupil progress
- evidence of outcomes and planned next steps
- details of additional support or different provision made under SEN support
- details of the involvement of specialists
- evidence of involvement with parents
- evidence that shows a rigorous approach to the monitoring and evaluation of any SEN support provided

Range of Provision

The school aims to provide a variety of provision by way of:

- in-class support either individually or in small groups with specialist teachers and/or learning support assistants;
- withdrawal support either individually or in small groups with specialist teachers or LSAs

Equality and Inclusion

- prevent discrimination;
- promote to equality of opportunity;

- work with other local authorities to investigate how different needs can be met more effectively;
- include pupils with SEND into all school activities;
- monitor the number of extra-curricular activities that they take part in.

Partnerships

We believe that a close partnership with parents will enable children to progress. Parents have a key role to play in the partnership between home and school as they have an exclusive overview of the provision needed for the child.

Pupils with special educational needs will benefit from the school's close working relationship with the numerous external support agencies, which offer advice and support.

We feel that the provision for special educational needs in this school will benefit from the close links we have with other schools by the sharing of good practice and in making the transition between phases as smooth as possible for the pupils.

Admissions

We will:

- treat all applications equally and we will not discriminate against pupils with SEND;
- admit those children with special educational needs but who do not have a statement;
- not refuse admission to children with special educational needs because we feel that we will be unable to provide the necessary support;
- consider all applications that do not have an EHC plan;
- not refuse to admit a child who has SEND but does not have an EHC plan because we feel that we will be unable to provide the necessary support;

- not refuse to admit a child on the grounds that they do not have an EHC plan.

Curriculum

The school aims to provide for pupils:

- a broad and balanced curriculum
- quality first teaching
- a curriculum which is differentiated to their needs
- a range of teaching strategies to meet their needs

Celebration of Achievements

We will regularly celebrate the achievements of all children, not just in literacy and numeracy, but in all curriculum areas and in all aspects of school life.

Complaints Procedure

Parents who have a grievance or complaint about the nature or amount of special needs that their child receives are encouraged to ask for a mutually convenient meeting with the school in order to resolve the issue.

The Local Authority must have in place 'arrangements with a view to avoiding or resolving disagreements between parents and certain schools about the special educational provision made for their child.' (SEN Code of Practice)
